PROFESSIONAL SUMMARY

Computer Science Engineering student with strong foundations in Python, Java, SQL, and web development. Hands-on experience building responsive web applications using React, Python, and REST APIs through internships. Passionate about Artificial Intelligence and Machine Learning, with a strong interest in developing intelligent, real-world solutions.

TECHNICAL SKILLS

Languages: Python, C, Java

Database: SQL, Mongo DB

Tools and Technologies: VS code, Eclipse, MySQL

UI UX design : Figma

TECHNICAL PROJECTS

Pet E-Commerce Application

[UI UX Design-Figma]

- Designed user interfaces and user flows for a pet focused e commerce app.

Emoji Encryption and Decryption tool

[HTML]

- Developed a web based tool using HTML that allows users to securely encrypted text into emoji representation also decrypt

INTERNSHIPS

Python & Data Science Intern FEB 2025

[SHRISHTI — Techno park]

- Worked with Python for data analysis and processing.
- Learned data visualization and data science fundamentals.

Full Stack Development Intern JULY 2025

[ALO Infotech - Nagercoil]

- Learned front-end and back-end development concepts.
- Worked with HTML, CSS, databases, and application development

UI & UX Design Intern JAN 2026

[AK Info park - Nagercoil]

- Created wireframes and UI designs using Figma.
- Learned user-centred design principles and prototyping. Worked on interface design and usability improvements.

Web Development Intern JUNE 2026

[TRIOS Technologies -Chennai]

- Developed responsive web application using React and Python
- Integrating REST APIs and improving problem solving and debugging skills.

EDUCATION

B.E. in Computer Science Engineering [2023- 2027]

[Amrita college of Engineering and Technology – Amritagiri] | GPA: [8.8]

COURSES

- Fundamentals of Object-Oriented Programming - NPTEL (Elite), 2025
- Data Structures and Algorithms - NPTEL, 2025
- Programming in Java - NPTEL (Elite + Silver), 2026
